Re: *In the Matter of Broadcast Localism* (MB Docket No. 04-233)
Report on Broadcast Localism and Notice of Proposed Rulemaking

Honorable Commissioners:

The proceeding on the report cited above is intended to "ensure that broadcasters are appropriately addressing the needs of their local communities." In my view, ABC 7 already serves the greater Los Angeles community in a number and diversity of ways that make any additional federal regulation unnecessary.

I have enjoyed a tremendous working relationship with ABC 7 since I was first elected to public office as a member of the California State Assembly in 1994. Over the past 14 years, ABC 7 has consistently supported educational, cultural, and charitable projects throughout the City of Los Angeles. It has been my pleasure to partner with ABC 7 on holiday toy giveaways, blood drives, and cultural heritage month celebrations, to cite a few. The station and its personnel have always been there to support the residents of Los Angeles.

Our community already is well-served by ABC 7 and no national regulation could create the kind of meaningful, sustained local partnership that we already enjoy. Thank you for considering these views.

Very truly yours,

Re: *In the Matter of Broadcast Localism* (MB Docket No. 04-233)
Report on Broadcast Localism and Notice of Proposed Rulemaking

Dear Chairman Martin and Commissioners Copps, Adelstein, Tate, and McDowell:

I understand that the FCC recently issued a Notice of Proposed Rulemaking on broadcast localism out of concern that broadcasters may not be adequately serving their local communities.

I am pleased to say that the Office of Women's Health has been very impressed with KABC-TV's responsiveness ever since we first approached them in 1999 (shortly after our office's inception) for coverage of the launch of our cervical cancer pilot program targeting low income, underserved women. Health reporter Denise Dador and crew came to our office for an interview that was aired and subsequently garnered the interest of the community and no doubt helped our pilot program for free Pap tests become a full-fledged, funded campaign.

Denise Dador served as Mistress of Ceremonies for most of the annual cervical cancer initiative community breakfasts that followed (through 2004), and for nearly every health-related event ever since – most recently an October 2007 community forum to raise awareness of the growing problem of human trafficking. The presence of a recognizable and trusted representative of the media adds significance to such occasions and we have been delighted with KABC-TV's support.

Not only have we been able to utilize their impassioned health reporter for our events and also receive television coverage, we have worked with KABC-TV in a number of other ways:

- Over the last two years, our office and KABC-TV and their other community partners developed the *ABCs of Women's Health* – a glossy 20 page year-by-year guide to staying healthy which they produced for us for mass distribution, first in English and then a Spanish version was added in 2007. In an attempt to reach underserved women, another language will be added for the next edition due out in October 2008.
- We attend regular monthly meetings with the KABC-TV team to find ways to promote community wellness and enhance the activities of their annual women's health month.
- We participate in their Women of Courage luncheon each October, honoring women in the community who have overcome substantial obstacles and made a difference in the lives of others or have made a significant impact on improving the lives of women.
- KABC-TV was a co-sponsor of our 2007 Women's Health Policy Summit: *Building Multicultural Women's Health: Setting an Agenda for Los Angeles*. Denise Dador was the MC and KABC-TV produced a twelve minute DVD of local women's health leaders addressing the issue of health disparities in women of color. The DVD was shown at the summit and given out to the 435 summit participants. It is also given to funders, legislators and other healthcare stakeholders to draw attention to the need for health equity.

The Office of Women's Health receives ongoing support from KABC-TV for our activities and we enjoy a very productive working relationship that has been of tremendous benefit to us and to the community of low-income, underserved women we serve.

We see absolutely no need for further regulation as KABC-TV is already exceptionally community-committed.

Re: In the Matter of Broadcast Localism
MB Docket No. 04-233
Report on Broadcast Localism and Notice of Proposed Rule making

Dear Chairman Martin;

It is our understanding that the FCC has recently initiated a Notice of Proposed Rulemaking on broadcast localism. In addition, it is our further understanding that this is an assertion that broadcasters may not be adequately serving the communities in their local markets.

The Imagen Foundation is writing in support of KABC TV in Los Angeles and to espouse their efforts on behalf of the diverse communities that make up the Los Angeles basin. KABC TV has had a long standing presence in the community and has been recognized numerous times for their inclusion and community outreach efforts whether it is providing toys for the disadvantaged during the holiday season; conducting community forums to hear issues of concern to the poor and often disenfranchised; or spear heading donations of food and clothing for flood and fire victims. They have set a standard that is bar none. They are a stellar example of a community partner and a means to distribute valuable news and information to the local community.

Imagen has been fortunate to have had KABC TV support for our annual Job Fair with PSA's that encourage the general public to come and meet recruiters for potential jobs in the entertainment industry. This 13 year old event would not be as successful as it has been if it were not for the valuable air time that has been provided to us by KABC TV. They have also partnered with us in our annual Awards ceremony that honors positive portrayals of Latinos and Latino cultures in television and film. KABC TV has won numerous Imagen Awards for their thoughtful and sensitive special interest stories about our community.

Therefore, it is our opinion that no further regulation is necessary to ensure that KABC-TV serves the community because this is already an important part of their day to day operations

Thank you for your time.

**Subject: In the Matter of Broadcast Localism (MB Docket
No. 04-233), Report on Broadcast Localism and Notice
of Proposed Rulemaking**

The California Society of CPAs and CalCPA Institute understand that the FCC has initiated a Notice of Proposed Rulemaking on broadcast localism that asserts that broadcasters may not be adequately serving their communities. I wish to inform you that KABC-TV has been greatly involved with the Los Angeles community and has provided numerous public services to the area.

In particular, CalCPA has had the pleasure of working with KABC to assist listeners with their income tax preparations. KABC has hosted on-the-air tax call-ins twice a year for each of the past four years. During these call-ins, 10 to 12 CalCPA members answer phone inquiries from KABC viewers. Our CPAs advise viewers about deductions, tax credits and other issues that affect their federal and state income tax filings. Viewers also learn ways they can improve management of their finances. These events, which are typically held in late November and early March, average about 300 calls over 2 ½ -hours during KABC's evening news broadcast. We look forward to continuing this relationship with KABC for many years to come—particularly since it provides a worthwhile service to the public.

In light of the above, we at CalCPA believe that no further regulation is needed to ensure that KABC-TV serves the local community.

Dear Commissioner Copps:

I am writing this letter in response to the recent notice of Proposed Rulemaking on broadcast journalism issued by the Federal Communications Commission. I understand and share the FCC's concern that local television stations may not be adequately serving their local communities. As a community activist and the former President of a civil rights organization I fully understand the need for news coverage to be representative of the issues affecting local communities. The dominant force of television, radio and the internet in our daily life makes this concern all the more important. My experience with the local ABC station in Los Angeles is that it is a model of how a local station should cover its community.

ABC 7 has been a leader in not only covering but also in proactively reaching out to the diverse communities of Los Angeles. The station's work spans a broad spectrum of local issues. For example, during the period of time that I led the Mexican American Legal Defense and Education Fund (MALDEF), I sought ABC 7's assistance in airing public service announcements urging viewers to respond to the Census. The station was responsive in airing these PSA's, and also devoted precious prime time to PSA's on health and education issues.

Further, the staff at ABC 7 is intent on not only covering the communities of Los Angeles; they also take *part* in the civic life of the area. Members of the station leadership support and serve on the boards of prominent public and non-profit organizations throughout LA County. For example, the current General Manager at ABC 7 served on the MALDEF Board of Directors. And last year the station lent its offices to the LA County Office of Women's Health for the taping of a video on health disparities faced by women of color.

Based on ABC 7's record of community involvement it appears that current regulations are working well and no additional regulations are needed. For stations that are not in compliance, surely enforcement of current measures should

Dear Chairman Martin and Commissioners Copps, Adelstein, Tate, and McDowell:

I noted with great interest that the FCC recently issued a Notice of Proposed Rulemaking on broadcast localism. From what I understand, this proceeding is intended to “ensure that broadcasters are appropriately addressing the needs of their local communities.” I wanted to let you know how responsive abc7 in Los Angeles has been to the American Cancer Society.

We have partnered with abc7 on the production and airing of numerous public service announcements that have served to educate the public about cancer prevention and early detection. Our colleagues at abc7 have also produced and aired stories, featuring cancer survivors, researchers and physicians. The station has been a partner in promoting low-cost mammograms, colon cancer screening and women’s cancer awareness campaigns.

When one of abc’s on-air personalities was diagnosed with cancer, the station used the opportunity to join with the American Cancer Society to raise awareness of the importance of early detection. The station has been honored for its dedication to the fight against cancer.

Moreover, abc7 has provided on-air talent to host several American Cancer Society events, lending stature and visibility to our efforts. As a media sponsor of several of our fund-raising events, abc7 has provided yet another form of support.

As a Marketing Communications professional, I am particularly appreciative of the role of abc7 in our life-saving mission. The station’s responsiveness to our goals has been valuable over many years.

Report on Broadcast Localism and Notice of Proposed Rulemaking

Dear Chairman Martin and Commissioners Cops, Adelstein, Tate, and McDowell:

I noted with great interest that the FCC recently issued a Notice of Proposed Rulemaking on broadcast localism. From what I understand, this proceeding is intended to "ensure that broadcasters are appropriately addressing the needs of their local communities." I am writing to tell you that, in my view, KABC-TV already serves our community in any number of ways that makes any additional federal regulation unnecessary.

As the past President of the Los Angeles Urban League I am happy to share my knowledge and experience working with KABC-TV. During my tenure at the Urban League, KABC-TV was a consistent and committed partner and supporter of the Urban League's mission. Over the years KABC-TV provided financial support for the annual Whitney Young Awards Dinner, provided the top news talent to serve as Master of Ceremonies, and provided news coverage. Their financial contributions helped sustain our organization and our work in the committee.

In addition KABC-TV worked with the Urban League to produce and air two television specials recognizing the work of the Urban League and its legacy to the City of Los Angeles. Not only did KABC-TV help with production and dedication air time to the specials, they gave the air time to the Urban League to sell the commercial spots. All the proceeds from the sales went directly to support the Los Angeles Urban League.

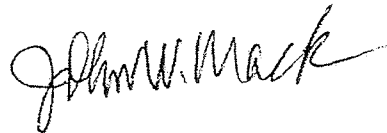

I can say from personal experience that not only has KABC-TV been a committed supporter of the Urban League, but it is visible and consistent with its commitment to all the diverse communities in Los Angeles. I know of many organizations like the Urban League that have received the benefit of KABC-TV's financial support on air promotion of their events and activities, and news coverage of the issues that affect their communities. In addition, KABC-TV's General Manager, News Director, other top management and key on air personalities go out to the various racially ethnically and geographically diverse communities on a consistent basis and listen to their issues and concerns.

Chairman Kevin Martin and members of the
Federal Communications Commission

As a civil rights activist I am particularly impressed with the station's commitment to diversity. Their news teams, news coverage and programming reflects with diversity of the city and all of its citizens.

It is because of my first-hand experience with such a long-standing partnership that I am curious as to why FCC deems it necessary to issue additional regulations. In my view, our community already is well-served by KABC-TV and not national regulation could create the kind of great local partnership that we already enjoy.

RE: In the Matter of Broadcast Localism (MB Docket No. 04-223), Report on Broadcast Localism and Notice of Proposed Rulemaking

Dear Chairman Martin:

I am writing in reference to Broadcast Localism, wanting to be sure to let you know what a great experience the *Kid Healthy Steps* project, active in 5 Southern California counties, has had with KABC-TV in the Los Angeles area.

I understand that the FCC recently initiated a Notice of Proposed Rulemaking on broadcast localism. I further understand that the FCC's Notice of Proposed Rulemaking asserts that broadcasters may not be adequately serving their local communities. As mentioned, this is contrary to our experience with KABC-TV – the station has worked closely with our program representatives in Southern California to ensure that their needs are being met. Their contribution, however, moves beyond this project. Of particular importance to the issue of localism:

- In Southern California, KABC-TV airs programming relevant to the local communities, including populations of color, disabled people, and other underserved audiences;
- KABC-TV reaches out to the community in order to have dialogues about local issues and programming through local meetings or town halls;
- KABC-TV also airs local political programming, such as debates and public affairs shows;
- KABC-TV airs local emergency and disaster warnings and information. I'm reminded here of the recent California firestorm, and severe weather we've been experiencing;

- And, finally, close to my heart, KABC-TV supports local non-profit efforts. One of these is the *Kid Healthy Steps* project. The station produced and aired PSAs, and has done feature stories on healthy strategies for youth and families. KABC-TV has supported other local organizations, providing on-air awareness of various issues, PSAs, and support with fundraising drives.

It is clear to me that KABC-TV is adequately serving the community. In my opinion, there is no further regulation needed to ensure that KABC-TV serves the community.

Subject: *In the Matter of Broadcast Localism* (MB Docket No. 04-233),
Report on Broadcast Localism and Notice of Proposed Rulemaking

Dear Mr. Martin:

We understand that The FCC recently initiated a Notice of Proposed Rulemaking on broadcast localism. The FCC's Notice of Proposed Rulemaking asserts that broadcasters may not be adequately serving their local communities.

In our experience with KABC-TV, we have found them to be supportive of our community and American Red Cross chapters throughout the Southland.

Each year, KABC-TV works with American Red Cross chapters throughout our area to reach out to the community with the summer safety campaign, *The ABCs of a Safe Summer*. Developed as a response to the increasing number of children drowning deaths in our area, the KABC-TV campaign keeps water safety and preparedness in everyone's mind throughout the important summer months.

In addition, KABC-TV annually uses our chapter offices among other locations throughout the Southland to host Community Forum meetings. These open microphone sessions offer the people in our area an opportunity to voice their opinion about how KABC-TV is serving our community with their broadcasts.

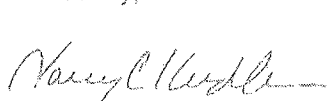

During local emergencies such as the recent California wildfires or severe winter weather, we know we can rely on their up to the minute disaster warnings and complete on air information to keep the public up to date on dangers and where to find a Red Cross shelter location to stay safe, warm and dry.

KABC-TV also provides financial support to the American Red Cross during times of disaster through on-air fundraisers, which heighten the public awareness, and result in incredible financial support for our Disaster Relief Fund.

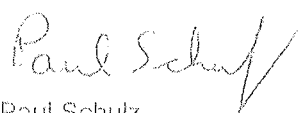

Most recently during the local wildfires or in 2005 during Hurricanes Katrina, Rita and Wilma KABC-TV hosted "drive-by givings" in multiple locations to raise much needed funds for our local disaster relief efforts.

We respectfully suggest that no further regulation is needed to ensure that KABC-TV serves the local community.

Dear Chairman Martin and Commissioners Copps, Adelstein, Tate, and McDowell:

I noted with great interest that the FCC recently issued a Notice of Proposed Rulemaking on broadcast localism. From what I understand, this proceeding is intended to “ensure that broadcasters are appropriately addressing the needs of their local communities.” I wanted to be one of the first to tell you that, in my view and in the view of my organization, ABC7 already serves our community in a number of ways that makes any additional federal regulation unnecessary.

For more than 20 years, the Entertainment Industry Foundation (EIF) has worked with ABC7 on a number of public service announcements (PSAs) that have significantly raised local awareness of health and social wellness issues. Just in the past year, ABC7 has aired at least 6 of our PSAs with important prevention messages about ovarian, breast and colon cancers and diabetes awareness.

Annually, ABC7 is our lead media partner, promoting and supporting the EIF Revlon Run/Walk For Women – one of the largest single-day fundraisers for breast and ovarian cancers in the country. ABC7 produces PSAs, news stories and on-line banners to promote registration. In the past, ABC7 has produced ½ hour specials that showcase how fundraising initiatives like ours are helping to improve the lives of families touched by cancer. ABC7 has sponsored the 2 mile water station for the last 6 years. Every year, ABC7 employees turn out in large numbers to participate in the race.

ABC7 also has produced and aired several stories as part of their coverage of local and community news and events that have raised the profile on issues we care about most. One great example is our work together on educating consumers about diabetes prevention. Two year’s ago we worked in collaboration with ABC7 to produce a ½ hour special to bring much needed awareness to this leading health issue. ABC7 granted permission for us to release this special to the entire ABC family. In addition to the Los Angeles area, this special ran in at least 25 other markets nationwide.

To put it simply, EIF could not survive without the critical support that ABC7 provides. I want to assure you that ABC's role – including both on-air and off-air time – is critical both to our fundraising efforts and to getting our message out to the community-at-large.

Dear Ms. Samaniego,

Teresa

On behalf of the Board of Directors of the Southern Christian Leadership Conference of Greater Los Angeles, the Martin Luther King Legacy Association and SCLC Dream Foundation, we express our sincere gratitude and appreciation for your participation and generosity during SCLC of Greater Los Angeles' Martin Luther King Week 2008 festivities and celebrations. We are pleased that you took time to share in these memorable events with us. Your kindness and gifts afforded us the opportunity to share King Week 2008 with our community, family, friends and other organizations that stand with us in remembrance of Dr. Martin Luther King, Jr.

King Week 2008 has ended officially as far as the holiday is concerned, but our work to promote justice continues to go on. SCLC of Greater Los Angeles is committed to making certain that Dr. King's Dream becomes a reality, therefore our work is never done. Knowing this work will not be accomplished alone, SCLC/LA must engage in partnerships and collaborations in the cause of justice, freedom and equality for all. Dr. King said "the good neighbor looks beyond the external accidents and discerns those inner qualities that make all men human and, therefore, brothers."

The 2008 theme for SCLC, "ON OUR WAY FORWARD: LOVE and JUSTICE...THE MORAL IMPERATIVE is a reminder that we have strayed away from the mandates that Dr. King lived, fought and died for. Let us not forget to honor the life and legacy of Dr. King not only during King Week but, each and every day. Just as Rev. Dr. King did not rest in his advocacy and service to mankind, we shall not rest until all recognize the inalienable dignity and worth of every human being.

Again, thank you for your support and for your willingness to assist us in accomplishing SCLC/LA's goal to bring freedom, equality and justice for all, as we continue promoting the philosophy of Dr. Martin Luther King, Jr. of non-violent progressive social change. We hope our King Week 2008 program was a memorable experience and want you to know that you play a valuable and important role in SCLC/LA's mission to "redeem the soul of America".

Dear Diane,

On behalf of my class, our advisor, Karen Thacker, and myself, I would like to thank you and your staff for the opportunity to tour the newsroom. It was a memorable day that the students have not forgotten. Your personnel were so friendly and helpful, especially the anchors and weatherman. We have enclosed pictures for you, Aaron, David, Lisa, and Danny along with coffee mugs from our PTA to make you all honorary ACMS Cougars. A copy of our school newspaper that this visit was written up in has also been enclosed and is on line at www.my.schooljournalism.com. A CD of our picture slide show that the entire school has repeatedly seen on our own school news broadcast, Cougar Vision is included also. The CD has two versions since one song we could not dub out a word in the song the students chose. Several of the students are looking to make broadcast journalism a part of their future. Many have looked at the different aspects, not just the anchor position, but that of writer, producer, reporter, and floor director. We hope that we may get the opportunity to return and bring a new group in the future. Thank you again.

Dear Ms. Fair,

I would like to take the opportunity to thank KABC-TV for participating in the Information Officer Training Class at the Don Biedebach Fire Training Center, on Wednesday, March 1, 2007. Once again, ABC 7's Jay Eckstein served as a media panel member and shared his observations on the role of the news media with regards to fires and other breaking news affecting the public.

The media panel is an important part of our class which was designed to train personnel as Public Information Officers, particularly for assignments on wildland fires and other natural disasters here in southern California. This year's class had students from the Angeles, San Bernardino, Los Padres, Cleveland, Sierra and Cibola National Forests, Bureau of Land Management, Los Angeles City Fire Department, and Los Angeles County Fire Department.

Thanks again for your valuable participation. We look forward to working with you during future fire training and safety sessions. If you have any questions feel free to contact Stanton Florea, coordinator of the Information Officer class, at (626) 574-5213 or sflorea@fs.fed.us.

Dear Jessica:

I have just returned from a Five Acres board meeting at which "our" *Newsmakers* segment was shown. What a fabulous reaction it got! You may not recognize the names on this letterhead, but they are among the finest people in the San Gabriel Valley. This is true for many reasons, not the least of which is that they are extraordinarily generous in every way – out of the goodness of their hearts – for the most vulnerable of children and their families.

I was deeply impressed with your commitment to producing an outstanding piece and your sensitivity to the children who live at Five Acres and as well as to me personally. Your crew was likewise very professional and attentive to the special circumstances here where we must maintain our clients' confidentiality by not showing their faces on camera.

Bob Ketch, our executive director, was so pleased with the show that he called me at home as soon as he viewed it to rave about the way you wove Five Acres' and my stories together and to say he wanted a copy for this morning's meeting.

Jessica, your genuine concern and caring for your subject shone through every step of the way. And there were a lot of steps! I am so impressed with the time and effort that goes into a 4-5 minute piece!

Thank you very much for your generous gift to Five Acres and to me. The *Newsmakers* DVD will help tell the Five Acres story long into the future as well as be a piece of important history for both of us. This comes with my deepest thanks and best wishes.

Dear Ms. Medina:

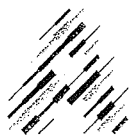

On behalf of Pasadena Christian School, I would like to thank Dallas Raines for spending time and taking to our 1st grade class on September 25, 2007.

The children thoroughly enjoyed themselves, and Dallas gave an excellent presentation. The children are still talking about "our visitor". Please forward to Dallas the enclosed *Thank you* notes from our 1st grade students.

We sincerely hope that Dallas enjoyed himself as much as we enjoyed having him visit our campus. We hope he will be able to come back next year. If you have any questions or comments, I may be reached at (626) 791-1214 x268.

Dear Mr Kleiner:

Thank you very much for your generous donation of Studio B to the Autry National Center on December 12, 2007. We greatly appreciate KABC7's support of the Autry and contribution to the creation of our *Heart of the West* campaign video.

Founded by the late singing cowboy, Gene Autry, the Autry National Center is a comprehensive cultural center that celebrates the American West. Through its extensive collection of art and artifacts, and innovative exhibitions and education programs, the Autry National Center explores the experiences and perceptions of the diverse peoples of the American West, connecting the past with the present to inform our shared future.

The *Heart of the West* campaign has an overall target of \$185 million, including \$100 million for the expansion and renovation of our facilities in Griffith Park, \$45 million to strengthen our endowment and \$40 million for on-going operations.

Your gift will help us create a compelling video about our campaign and building project to share with donors. This video is instrumental to our fund raising efforts and we thank you and KABC7 for being part of this important project. We wish you a wonderful holiday season!

Dear Ernie and George:

On behalf of all Indian Country, thank you for the incredible job you did on the story. Assigning the story to Lisa Bartley was brilliant; she treated the story with respect and clarity. She is without doubt an asset to KABC. The e-mails and phone calls keep coming in, all positive.

The exclusion and negative stereotyping of American Indians will not change until light is properly placed. Your interest and action is a fine example of your integrity as news reporters for KABC. The media has long forgotten the American Indian in their efforts for diversity on and off camera. Great strides have been made on behalf of African, Pacific Asian and Hispanic Americans in the media but, the American Indian is still being excluded by Romantic Discrimination. Any diversity movement in society moves only as fast as its slowest member, so more work needs to be done. We are open to any ideas or suggestions that you may have to help our community. We will also contact you with any ideas you might find newsworthy.

Once again, thank you.

Dear Diane,

Thank you for your generous contribution of \$1,000.00 for a full page ad in the Tribute Book for our Hollywood Arts Council's 30th Anniversary and Charlie Awards Gala. Other than our gratitude, for tax purposes there was no value in return for this contribution.*

The event was truly spectacular. The sound stage decor was very "Hollywood" and the reception and silent auction started the evening. We are so grateful that many of our friends came forward to so generously participate in the event.

Each of our honorees were thrilled to be recognized. Mitzi Gaynor's presentation of the inaugural Fashion Arts Award to the legendary Bob Mackie took our annual awards presentation to a new level.

We had a capacity audience to acknowledge our award recipients and raised over \$100,000 for The Hollywood Arts Council and our after school art program Project SOAR. Our presenters and the awardees spoke eloquently of their love for Hollywood and their commitment to its future.

We deeply appreciate your support of our 30th Anniversary. Hooray for Hollywood and hooray for YOU!

January 20, 2008

Dear Diane,

I want to thank you for your effort and care in crafting such a fabulous media placement for me at KABC. You and everyone else on your team welcomed me without question and with big hearts. I expected to find an impersonal and plastic workplace; instead, what I found was an efficient, effective, and surprisingly warm staff.

I was thrown into the middle of the action, and I was able to see how both the news and the station function from all angles. I watched folks control high-def cameras from miles away, witnessed the playful rapport between reporter and producer, and was even able to play meteorologist with the set's green screen. Your employees seem genuinely happy and fulfilled, and I attribute that in large part to the company culture.

I only wish my placement with KABC could have been longer! It really is one of the most memorable parts of my Coro year so far, and I will always remember the personality and kindness of you and your coworkers.

Thank you again, Diane, and I hope to stay in touch with you in the future.

Sincerely,

Thank you very much for the donation of tickets and parking passes to the L.A. Dodgers/New York Mets and L.A. Avengers/New York Dragons games, valued at \$895. We appreciate your generosity, as always.

As a nonprofit organization, we are not in a position to recognize the exceptional work of employees via monetary bonuses. Thank you for all you do for PUENTE, Teresa. Your support means a great deal to me.

On behalf of Pasadena Youth Center's Adelante Advisory Committee, I want to thank KABC for the generous donation of \$1,500 for our 14th Adelante Mujer Latina Conference held on April 19, 2008 at Pasadena City College.

Your support allowed us to provide valuable college and career information and resources to 1,500 young Latina teens, their mothers and mentors, who came from cities throughout the Los Angeles County.

The conference was also a celebration of the talented and successful women who serve as workshop presenters and role models to these youth, influencing their future success and contributions to their communities

Thank you again for your confidence and support.

Sincerely,

Stella R. Murga

Dear Diane:

Thanks to you and the ABC7 team for preparing the wonderful video for last week's Gala Dinner honoring Maria Shriver. Your efforts provided one of the highlights of the evening.

I was especially touched by the interview with Maria's brother and the film clips of her parents. It was a moving and thoughtful tribute to a remarkable woman.

We are most appreciative of the extraordinary efforts of the film crew, editors, and others who contributed to this highly successful effort. Please let them know how grateful we are to them.

This in-kind donation from ABC7 helped reduce the costs for the event, thereby increasing the amount of money generated by the Gala to support our educational programs. Thank you again.

Re: 2008 TELACU Education Foundation Career Fair

Dear Diane:

On behalf of the TELACU Scholarship Program, we would like to thank you for helping us secure Ric Romero as Master of Ceremonies for our Fourth Annual Career Fair.

The event was a huge success due in large part to Ric's exceptional skills as an emcee. He was able to make a great connection with our Scholars, inspiring them with his compelling stories, which powerfully delivered the message that there is no limit to what they can achieve with an education and hard work. We sincerely believe that the time and energy he invested in our Scholars on February 15th will yield great returns throughout their lives, and we hope in Ric's as well!

Diane, thank you once again for your friendship and steadfast commitment to our community's young people!

Dear Diane:

On behalf of the Board of Directors, Staff and more than 5,000 families in Orange County who will be served by MOMS this year, thank you for your \$1,500 Sponsorship* to support the 9th Annual MOMS Celebrates Mothers "*Founder's Tea*" luncheon held on May 9, 2008. Nearly 300 guests attended this year's celebration, honoring MOMS Founder Dottie Andrews, and helped raise almost \$46,000 in net proceeds.

Since 1992, MOMS has been helping working families in Orange County, who are often uninsured, or under-insured. Your financial support enables us to continue to provide services without charge, and to never turn away any qualified family in need. With your help, more women will access the prenatal care they need and deliver healthy babies. More fathers will learn how to become positive role models for their children, and more babies will reach their developmental milestones on time.

Thank you again for supporting MOMS mission and helping Orange County families have healthy babies. We hope you enjoyed the celebration and we look forward to your participation next year!

Dear ABC7

Immaculate Conception School has been providing excellence in education for more than eighty years. Throughout these years we have been able to keep our tuition affordable through fundraising efforts. Our efforts would not bear fruit if it were not for the countless businesses and individuals, like yourself, who support through contributions.

We would like to thank you for your generous contribution to our 8th Annual Monte Carlo Night, held November 17, 2007. Your ABC7 sports bag donation of \$190.00 is greatly appreciated. Please note that your business name was featured in our Event Booklet, as well as viewed on our grand prize flat screen television throughout the evening.

The evening was a huge success with hundreds of attendees for our event. Again, we thank you for your support.

Sincerely,

Dear Arnold,

On behalf of The Help Group, and our luncheon co-chairs Bruce Berman, Elizabeth & Lee Gabler, Ann & Jim Gianopulos, Brian Grazer and Stacey Snider, we thank you for your generous contribution to the Teddy Bear Picnic.

The outpouring of support of so many friends, old and new, who joined us to honor Amy Brenneman and Brad Silberling with the *Help Humanitarian Award* and Pamela Clark and Nancy Rosenfelt with the *Professional Excellence Award* was truly heartwarming. It was an inspiring afternoon filled with the spirit of giving and humanitarianism.

Dear Teresa,

On behalf of the Children and families of the Weingart East Los Angeles YMCA I would like to thanks you and KABC-TV for the LA Sparks tickets you send to us. Attending an event like this one is a great opportunity for our members to closely experience the excitement of basketball but most important that they get the chance to enjoy it as a family.

Thanks again for your support and helping the YMCA provide this kind of opportunities to our families that otherwise will not be able to be part of such special event.

Dear Ms. Samaniego,

On behalf of our National Spokesperson Eva Longoria, the entire PADRES team and everyone who attended we would like to give you our sincere gratitude for your participation and contribution to PADRES Contra El Cancer's (PADRES) 1st Annual Spirit of Esperanza Volunteer Recognition Luncheon at the Sheraton Hotel on March 3, 2007. Please keep this letter on file as receipt of this contribution. Our non-profit federal ID number is 95-4150330.

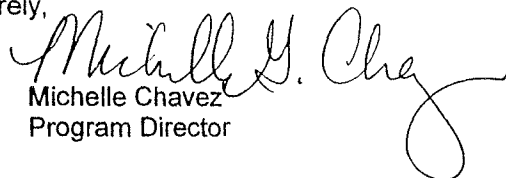

About 130 people took part in the luncheon to honor all of PADRES' hardworking and dedicated volunteers. The event began with a fun ice breaker that gave everyone a chance to mingle and get to know one another. Some of the PADRES staff shared their heartwarming and inspirational stories about their lives and involvement with PADRES. Everyone enjoyed a delicious lunch that was accompanied by the wonderful musical performances of the talented Allison Iraheta and Tio. The honorees received their awards and were very appreciative of the fact that they got recognized for their commitment and generosity. PADRES had fun trivia for the guests and some lucky raffle winners took home wonderful gifts including the generous giftbasket from ABC 7. It was a beautiful event in which everyone involved had a magnificent time and enjoyed everything from the food to the amazing view of the city.

For more than 20 years, PADRES Contra El Cáncer has been committed to improving the quality of life for Latino children with cancer and their families. As the only Latino organization of its kind operating within the United States, PADRES brings together children, families, healthcare professionals and community leaders to promote a comprehensive understanding of childhood cancer and other blood disorders as well as effective methods for treatment. Though programs, activities and services are primarily oriented to the Latino community, PADRES serves childhood cancer patients from all races, nationalities and ethnic origins. No family is turned away.

Again, Teresa, we appreciate your support and thank you for sending out a camera to cover the event. Should you have any further questions, please do not hesitate to contact PADRES Program Director at (323) 850-7901 ext. 230.

Many thanks from all of your friends at PADRES. We are delighted to have you as part of our PADRES team.

*Allen - What a
great gift -
Thank you!!*

Dear Teresa:

On behalf of the Los Angeles County Alliance of Boys & Girls Clubs, I wish to express our sincere thanks to you for your donation of:

➤ Two pallets of JumpStart Educational Software

Our Clubs were absolutely thrilled to receive these items this past month, given that one unit of educational software typically retails for \$29.00! With the total retail value of this donation topping \$30,000, this gift will truly assist our Clubs in helping our kids grow academically.

Currently, our 28 Boys & Girls Club organizations serve more than 120,000 youth, ages 6-18, through some 90 Club sites located throughout Los Angeles County. At present, plans are underway to open **45 more Club sites on school campuses during this year alone**, bringing the total number of Clubs to 135! Our Clubs will be stretching to go from serving 11,000 youth every school day, to more than 15,000 youth in a matter of months, serving those that are most disenfranchised, and those living in some of our communities' most depressed neighborhoods.

So you can see just how critically needed educational materials, such as this JumpStart software, means to our Clubs and to the kids they serve. Your support of our after school enrichment programs and the work we do is very much appreciated. I look forward to seeing you next week to explore ways in which we can collaborate together to further our mission and our outreach.

Together, we will accomplish great things!

Sincerely,

Linda J. Rahn, CFRE
Director, LA County Alliance of Boys & Girls Clubs

P.S. Please retain this letter for tax purposes. The Los Angeles County Alliance of Boys & Girls Clubs operates under the non-profit status of Boys & Girls Clubs of America Tax ID #13-5562976. We confirm that you received no benefit in exchange for your donation.

Dear Arnold,

On behalf of the entire Make-A-Wish Foundation® of Greater Los Angeles, thanks to you and KABC 7 for supporting our 2006 *A Season of Wishes™* holiday campaign with your generous donation of airtime.

We are proud to report that *A Season of Wishes* experienced substantial growth in its second year. The campaign saw a 106% increase in business contributions and a 25% increase in online donations. Our success will help us fulfill nearly 400 wishes for children in Los Angeles County throughout the coming year--more than a wish a day--and we could not have done it without you!

Make-A-Wish will fulfill a wish for any child between the ages of 2½ and 18 in Los Angeles County with a progressive, degenerative or malignant life-threatening medical condition. Qualifying for a wish does not always mean that a child is terminal, but that a life-threatening medical condition has been diagnosed, causing the child to know more pain and suffering than anyone should at such a young age. With your help, we are brightening these children's lives, one wish at a time.

Thank you again for helping us *Share the Power of a Wish®*. We hope that you will join us again for *A Season of Wishes* 2007.

Best regards,

On behalf of the Edmund G. "Pat" Brown Institute of Public Affairs (PBI), I want to express our deep appreciation to you for KABC-TV's serving as a Silver Sponsor of the ***Pat Brown Institute's 26th Annual Awards Dinner***.

KABC-TV's \$3,000 contribution to this gala event, on May 3 at the Millennium Biltmore Hotel, was significant in ensuring the great success of the evening, which included a celebration of the 20th anniversary of PBI's affiliation with Cal State LA.

Nearly five-hundred leaders and representatives of business, organized labor, community non-profits, governance, and higher and K-12 education were in attendance to salute the evening's honorees: *LA Times* columnist *Steve Lopez*, *Southern California Edison*, and *California Assembly Majority Leader Karen Bass*. And thanks so much for evening MC David Ono and our all-around favorite person Diane Medina. They make such a difference.

The Dinner exceeded our financial goal, setting a record for this dinner series.

Dear Teresa,

Thank you for participating in the *2007 KCET Visionary Award Gala* celebrating Diane and Bob Malone, Chairman and President of BP America. We are most grateful to BP and the BP Foundation for their commitment of more than \$25 million to KCET in support of the national distribution, production, websites and outreach for **"A Place Of Our Own"** and **"Los Niños en Su Casa,"** KCET's Peabody-Award-winning series for parents, grandparents and caregivers of preschool aged children.

Your generosity, and that of others like you, allowed us to raise more than \$1 million dollars to support KCET's independent and intelligent broadcast and internet programming, as well as our important community services. I hope that you will watch KCET and enjoy its great line-up of quality programming and, when you do, that you take satisfaction in knowing that your contribution helps make it possible.

KCET and PBS have a bright future with many exciting new productions and series in the pipeline. KCET's production and broadcast plans this year include the innovative program **"Wired Science,"** a one-hour primetime series that translates *WIRED* Magazine's award-winning science and technology journalism into a fast-paced television program with cutting-edge vision and stylish design.

With our appreciation for your gift you will receive KCET's monthly program guide and our quarterly major donor newsletter, *ViewPoint*, to keep you informed of programs and new developments throughout the year. It is your support that keeps KCET relevant and helps us play an important role in raising the bar for thoughtful, smart and entertaining programming.

With sincere thanks and best wishes for the summer,

Sincerely,

Dear Arnie:

"I'd like to work for that guy!"

I heard this line (or a variation) several times while the Leadership Glendale class was leaving KABC-7 after our visit last week. Could they be referring to Arnie Kleiner? I can't imagine it was anyone else.

Thank you again for stopping by and spending so much *quality* time with the group and being (as usual) so candid in your discussion and responses to questions. Seriously, you were one of the highlights of the class so far -- and during the past several months we've been to a lot of places and talked with a lot of top people.

Your leadership and good work are evident in the quality of professionals who support you and carry out the mission of Channel 7. Obviously, everyone was impressed with the technical side of the operation. However, just as impressive to class members is your commitment to people and causes. We know that you and Teresa Samaniego and her staff play a major part in the station's involvement throughout Southern California -- very unusual these days.

Thanks again for making this experience so memorable!

Dear Cheryl:

Thank you for the coverage of our "Hope for Tomorrow Inaugural Gala" on April 26, featured on the eleven o'clock evening news and again the next day in the morning. We have always appreciated the support received by ABC 7 and are grateful for the recognition on having accomplished this milestone.

As you know, the expansion of our Center has been long awaited. With the goal of increasing our services and client numbers, this new center will help us meet the needs of many individuals who are struggling to find work, learn a new language, and who often do not have enough food to feed their family at the end of the month.

This segment was seen by many of our volunteers who enthusiastically came in the next day to describe the coverage! With shots of our donors, staff and volunteers dining at our colorful new center, this piece was sure to remind viewers of our undying commitment to our community.

Again, thank you so much for sending coverage for our event. We greatly appreciate ABC 7's continued support of MEND.

VALLEY FAMILY CENTER

On behalf of the Board, Staff and Clients at Valley Family Center many thanks for your support and generosity to our Fund-raiser on March 29. All who contributed to the sponsorships, tickets purchases, raffle and ads, as well as the live and silent auctions, helped make it a great success and a truly relaxed and enjoyable affair. Once again congratulations to our Honorees and special thanks our clients - adults and youth - who told their stories to all gathered and who expressed their deep appreciation to the Center for what they have received here. Without you, our supporters and donors, we could not provide the quality services that we do. Thank you all so much.

Dear Ms. Samaniego,

With the holiday season now behind us and a New Year to embrace, I want to take time to thank you for your generous donation to the PIRATES Holiday Fundraiser. On behalf of Print Interactive Radio and Television Educational Society, your support to our Annual Holiday Fundraiser on at the Sportsmen's Lodge was truly appreciated.

Our silent auction presented an exciting way for PIRATES' members to run away with appealing items, great holiday gifts, and unique experiences. With the support of our special sponsors, and the silent auction donors, we raised nearly double the amount of what we did the previous year. In addition, guests enjoyed plenty of opportunities to win opportunity drawings. And goodie bags, well, that was just an added bonus to these festivities!

This past year, PIRATES honored Mary Beth Garber, president of Southern California Broadcasters Association, and Garth Kemp, ABC7's Eyewitness News Weekday weathercaster/reporter, for their commitment to public affairs, education, and community outreach.

Our event was only successful because of your support. Your wonderful donation enables us to raise monies for the *Ruth Collander Endowment Fund*. These funds allow PIRATES to provide scholarships to college students in the communications field judged to have excellent potential for improving the lives of Southern Californians through a public service career. I invite you to learn more about PIRATES at www.PIRATESla.org

Once again, thank you for your support of PIRATES. We wish you and your family a wonderful New Year.

Dear Diane,

Thank you for supporting our ninth annual Para Los Niños Thanksgiving Celebration at the Cathedral of our Lady of the Angels on Tuesday, November 20, 2007. The event was a tremendous success, due in large part to the hard work of you and your staff, and your generous donation of \$5,000 (Check #005840401, dated 10.24.07).

Thanks to your generosity—along with our other partners, Boston Market, the City of Los Angeles, the Cathedral of Our Lady of the Angels, CVS and Vons—Para Los Niños was able to provide Thanksgiving dinner to more than 600 people in need. For many of the children and families in attendance, this celebration marked the only opportunity to celebrate a traditional meal with family and friends.

Your gifts help us educate, enrich and nurture 3,500 children each weekday at our 22 sites, and provide assistance with food, jobs, shelter and family counseling to 5,000 families a year. Gifts like yours ensure that no child ever spends a day at school without having had a warm meal or goes home to an unsafe situation, and it helps guarantee our most underserved children are getting the high-quality education and individual attention they need to succeed.

Thank you for keeping the children of Para Los Niños in your heart. We wish you and yours a healthy, joyful, and peaceful New Year.

With our most sincere gratitude, I am writing to thank you and **ABC 7** for contributing **\$2,500** to support the Salvadoran American Leadership and Educational Fund's **12th Anniversary Celebration & 10th Annual Awards and Scholarship Banquet** on October 19th, 2007. As you may know, SALEF's mission is to promote the civic participation and representation of the Salvadoran and other Latino communities in the U.S., to advocate for their economic, educational, and political advancement, and to promote economic development and democracy in El Salvador.

SALEF's 12th Anniversary Celebration and 10th Annual Awards Banquet was a great success, attended by over 450 guests. We were honored to have special guests such as Mayor Antonio R. Villaraigosa, Councilmembers Ed Reyes, Jose Huizar, Assembly members Felipe Fuentes and Kevin De Leon, SALEF's former honorees, among others.

This celebration was a good opportunity to honor distinguished community members as well as this year's 58 SALEF's Fulfilling Our Dreams Scholarship recipients. This year we honored Councilmember Ed P. Reyes, Dr. Hayes-Bautista from UCLA, Dr. Beatriz Cortez from The Central American Studies Program, Ms. Leticia Aguilar President of Bank of America Greater Los Angeles Market, and Culture Clash and its members Richard Montoya, Ric Salinas and Herbert Siguenza.

Throughout these 12 years, SALEF has been able to provide vital services to low income students and communities thanks to the assistance of socially responsible organizations like **ABC 7**. We look forward to continuing SALEF's partnership with you, in our efforts to increase the achievements and empowerment of our community.

For those that haven't sent your agreed contribution please refer to the attached invoice; otherwise, please disregard the notice. **FYI: SALEF tax deductible ID # 95-4702001.**

Once again, thank you for your generous contribution.

Dear Ms. Medina:

Thanks to your generosity, Proyecto Pastoral's annual event, "*Joyas de la Comunidad*," was a great success! With over twenty years of service in the Boyle Heights community, we are happy to welcome in a new year full of hope and progress. What better way to bring in a new year than with a lucrative dinner, grossing over \$219,000 of unrestricted funds to support Proyecto Pastoral's five programs. We couldn't have done it without you!

Your contribution directly benefits over 2,500 children, families and individuals from the Boyle Heights community. Our programs work to empower the community personally and socially by developing grassroots projects in education, leadership, and service. Proyecto Pastoral's five programs include: the Proyecto Pastoral Early Childhood Education Centers, which is comprised of two centers serving nearly 100 low income families; *Comunidad En Movimiento* (CEM, Community in Action), our community organizing component; IMPACTO, our after school academic enrichment program serving over 160 local youth; Guadalupe Homeless Project (GHP), a shelter for recently immigrated men; and Proyecto Pastoral's Thrift Store, a community based retailer offering low cost necessities for neighborhood families. Through these programs, Proyecto Pastoral lives its mission of empowering the community for a better tomorrow.

Enclosed you will find pictures from the event along with the tribute journal for your reference. With your continuing support, we promise to work hard and efficiently to address the challenges of poverty, unemployment, and violence in our community. Please call me at (323) 881-0016, if you are interested in visiting us to experience first hand the power of this strong and vibrant community.

Once again thank you for your generosity and we look forward to welcoming you to our community.

Sincerely,

Cynthia Sanchez

Dear Diane,

We want to thank you whole-heartedly for your sponsorship of the 2007 Adelante Mujer Latina Conference. You truly made a difference in the lives of our young Latina attendees—our future leaders.

Attending this year's conference inspired so many of the participants and taught them that they can accomplish whatever career goals they set for themselves. Many attendees shared with us how the conference motivated them to make positive changes in their lives and reach for their dreams.

We are pleased to inform you that next year's Adelante conference is scheduled for Saturday, April 19, 2008 at Pasadena City College.
PLEASE SAVE THE DATE.

We look forward to having you join us for our traditional "Tardeada" which will kick off our planning for the 2008 conference. The tardeada will take place on Sunday, September 9th, from 2:00pm - 5:00pm, at La Casita del Arroyo in Pasadena, located at 177 S. Arroyo Boulevard. For more information, contact Veronica De La Rosa at (626) 583-1784, or at adelantemujerlatina@earthlink.net.

Again, thank you for your generous sponsorship. Your support helped make this year's Adelante Mujer Latina Conference the best ever.

Dear Diane,

On behalf of the Board and Staff of Hispanics in Philanthropy, I would like to thank you for your recent support of the 2007 HIP Leadership Conference.

They said it couldn't be done – they said there wasn't enough time! But thanks in large part to the dedication of the Los Angeles Host Committee we were able to host a series of fabulous events in your home town.

We have received very positive feedback from grantees, members, and funders alike as well as constructive feedback that we will incorporate into future plans for similar events. Workshops were informative and inspiring, and grantees took away new knowledge to increase their capacities as Latino nonprofits serving Latino communities throughout the United States. Perhaps most valuable was the opportunity for participants to come together to share and learn from others about the work that is going on in Latino communities across the country. The ability for grantees to meet funders and vice versa gave participants the opportunity to learn about the successes and challenges facing each in their sectors, and plan for future collaboration.

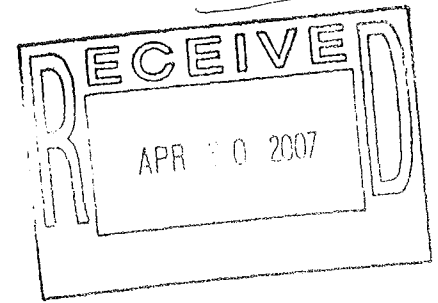

Participants also had the opportunity to see a little bit of Los Angeles and learn about your community. From *Mariachi Much Ado About Nothing* to the South L.A. Tour and Black-Brown Dialogue to the "Celebrate Latino Giving" Gala – each event was special in its own way and provided us all with a glimpse of the richness of culture and community that makes up Los Angeles.

As we said in the welcome letter to our conference participants, the HIP network derives its strength from its connections. Your support, coupled with that of others, adds up to more than the sum of its parts, increasing family by family, program by program, the ability of the Latino community to find its voice and prosper. We could not have done this without you - thank you for being a part of this work.

With gratitude,

Dear Ms. Medina:

*I thank you again for all
of your efforts in helping to
put together another successful
Dinner.*

Thank you for your contributing so generously to the Cesar E. Chavez Foundation's Seventh Annual Educating the Heart Awards Dinner on March 28, 2007. All of your contributions to the dinner, including providing the Citrus Freeze video tribute, and free PSA's were critical to making this year's Dinner an overwhelming success.

Your participation in this year's Dinner supported the ongoing efforts of our comprehensive K-12 service-learning program in schools throughout the country and the groundbreaking exhibits, seminars, and conferences at the National Chavez Center. Additionally, your support aided our efforts to collect desperately needed food and funds to aid farm worker families affected by the winter's freeze of citrus crops.

Your contribution of \$5,000 to the Foundation in support of the Dinner enables us to pursue our ambitious goals as we advance Cesar's legacy. Our good faith estimate of the benefits you received in connection with the dinner is \$58.46 per meal served. The tax-deductible portion of your contribution is the amount of your contribution reduced by this estimated value, subject to general limitations applicable to your personal circumstances—please consult your tax advisor for more information.

Thank you again for your steadfast commitment to advancing the mission of the Chavez Foundation. The Cesar E. Chavez Foundation is a 501 (c)(3) non-profit charitable organization is to maximize human potential to improve communities by preserving, promoting and applying the legacy and universal values of civil rights and farm labor leader Cesar E. Chavez.

Dear Diane,

Many, many thank you's for the \$1,500 check that we received for the KABC-TV sponsorship of our 2007 season. It was perfectly timed to support our pre-concert, kick-off event held in Pasadena last Thursday evening. *Tea & Jam*™ generated almost \$2,000 in donations and ticket orders, with \$810 collected that night. Having additional funds available to cover a growing list of pre-production priorities for the 8th Annual *Lady Jazz*™ Concert on September 28th means more than you might imagine.

I have enclosed the documents that you sent along with the \$1,500 check from KABC-TV, and my personal apologies for the delay in completing and returning them. In my haste to finalize logistics and details for last week's event, it was an unfortunate oversight on my end.

Hopefully, you will be able to join us at the Ford Amphitheatre on September 28th to enjoy another performance by "*Some of the best jazz musicians in the business, who happen to be women*™."

On behalf of the IWP Board of Regents, thank you so much.

Dear Ms. Medina:

I am pleased to thank you for the contribution of \$1,000 which you directed to the Anti-Defamation League through Disney Worldwide Services, Inc.

Your very generous support enables ADL to more effectively combat anti-Semitism and all forms of hatred and intolerance. Our goal is to ensure fair and just treatment for all by countering threats to our communities as they arise.

ADL responds daily to incidents of harassment, bias and discrimination across the country. Thanks to your support, ADL is able to:

- Monitor, expose and report on the haters and the bigots
- Broaden our battle against hate on the Internet
- Conduct anti-prejudice training in schools and in the workplace
- Respond to individual victims of prejudice and anti-Semitism
- Help maintain the separation of church and state in America
- Organize workshops throughout the U.S. to teach our schools and religious organizations how to implement tighter security measures
- Assist local, state and Federal law enforcement agencies to recognize and combat hate crimes and violent bigotry.

In addition, ADL is intensifying its efforts to monitor electronic and print media reports from the Middle East. We hold sources accountable for misinformation, inaccuracies, or bias. A public record of unfair media coverage can be found on our website, www.adl.org.

Your contribution to ADL's mission and programs is truly appreciated.

Dear Ms. Samaniego:

On behalf of myself, the Board of Directors, the staff, and the women and children we serve each year, I would like to express my gratitude for your generous gift. Your donation of \$2,500 as a "Show" Sponsor of the 5th Annual Race to End Homelessness was received on 5/22/2007.

Founded in 1985, Women's Care Cottage provides housing, clinical, and client-driven supportive services to homeless and severely low-income women and children in the San Fernando Valley and Metropolitan Los Angeles. The agency's mission is to help women and children move off the streets *permanently* and succeed independently in their homes, schools, communities, and workplaces.

It is through the generosity of caring corporations like KABC-TV that Women's Care Cottage can help women and children in need obtain permanent housing and achieve long-term self-sufficiency. We look forward to seeing KABC-TV representatives at the 5th Annual Race to End Homelessness on Sunday, June 24, 2007. *Thank you for your continued support of Women's Care Cottage.*

Dear Ms. Samaniego,

On behalf of the residents at Good Shepherd Center, thank you for your thoughtful donation of t-shirts and bags of various sizes. Your generosity and support will touch many lives.

Since 1984, Good Shepherd Center has been serving homeless women and their children with dignity and love. Every year, thanks to caring people like you, hundreds who have nowhere else to turn receive food, shelter, and supportive services. From the mobile outreach unit that visits local homeless encampments to transitional shelter to long-term housing for mothers with disabilities, help is available every step of the way. It is your support that makes this possible.

Permit me to share part of a letter I recently received from a grateful former resident of Good Shepherd Center. She says, *It is a blessing that I found my way here at a point in my life when I was lost. I remember that Angels, like you, are with us to light the way in times when all is dark. God bless you.*

Thank you, Ms. Samaniego, for your compassion.

May God bless you,

Sister Julia Mary
